FALL 2022 | FIERCE

AMANDA DIAZ | TXA 314C | FALL 2022

VI (pronounced: vee) comes from the Latin word for “strength” which is what our brand embodies. The VI woman is strong, empowered, and above all, FIERCE. She is confident and in control of every board meeting or ceremony she walks into. With sharp silhouettes and bold colors and textures, this collection tells the world: She has arrived.

From monochromatic suits to dresses with striking cutouts, the Fall 2022 FIERCE collection has something for every woman to feel her most confident in her professional life.

The metallic and jewel tones of the color palette were designed to complement each skin tone while our construction techniques are meant to enhance all types of body shapes, because everyone deserves to feel unstoppable.
